# Library Summer Programs

Tell a spectacular summer story! Our **SummerQuest** events have moved online and outside! From story times to science activities, we've got something for all ages and abilities. Log in with Zoom, watch us on Facebook, or print out activities and take projects on the go. Check out the **2020 SummerQuest Program Schedule** to get all the details.

## **Cryptography Workshop (virtual)**

*Learn to create and solve encrypted messages with YCL's own Jackie Dell-Shearer!*

Cryptography is the science of secret messages. It has been used by spies and the military for centuries. Children will use critical thinking and problem-solving skills to create and solve encrypted messages using several types of ciphers. Using a variety of hands on games and activities, they will look for patterns to describe and decipher the encryption. By the end of the session the kids will be able to encrypt and decode secret messages that they can share with family and friends. For Elementary and Middle School ages. This event will be hosted by each of our libraries on their Facebook pages during SummerQuest.

## **Storyteller Beth Rebert**

Children and adults alike will be enchanted with Beth Rebert of Fun-In-It Storytelling. Using props, costumes and character voices, she tells "The Magic Fish" by Freya Littledale in a way you've never heard before! This folktale teaches the importance of appreciating what we already have.

This event takes place on the Zoom platform. You will need to register with both your name and email address to save your "seat" and get an invite link. Please visit *SummerQuest.YorkLibraries.org* for registration link. Registration closes one day prior to each event, so be sure to RSVP quickly!

**Visit**

**SUMMERQUEST.YORKLIBRARIES.ORG**

**for dates and times!**

## Leap into Science Online

Leap into Science is a nationwide program that integrates open-ended science activities with children's books. Ben Olewiler, who currently teaches Math and Science at the STEAM Academy in York, brings this innovative science class to our library members online! Geared toward Elementary aged kids.

This event takes place on the Zoom platform. You will need to register with both your name and email address to save your "seat" and get an invite link. Please visit SummerQuest.YorkLibraries.org for registration link. Registration closes one day prior to each event, so be sure to RSVP quickly!

## Ryan "The BugMan" on Zoom!

Ryan "The BugMan" Bridge presents "The Myth and Magic of Insects" online! Learn how insects were revered throughout history and how they help the survival of nearly everything on the planet.

This event takes place on the Zoom platform. You will need to register with both your name and email address to save your "seat" and get an invite link. Please visit SummerQuest.YorkLibraries.org for registration link. Registration closes one day prior to each event, so be sure to RSVP quickly!

## Story Time With Miss Lisa On Facebook

*Ages 3 -5 | Kreutz Creek Library*

Visit our Facebook pages to listen to YCL's own Miss Lisa read "Do Not Bring Your Dragon to the Library" by Julie Gassman. Miss Lisa's story time is geared toward preschool age children and will take place 10:30am on Fridays.

## Virtual Girl Scout STEAM Mobile on Zoom!

*Join Girl Scouts in the Heart of PA's Virtual STEAM Mobile program! Learn and follow the Engineering Design Process while building new structures!*

You will need paper, pencil, coloring implements, and building supplies (LEGOs, plastic cups, paper, blocks, etc.)

Children grades K-12 are welcome!

This event takes place on the Zoom platform. You will need to register with both your name and email address to save your "seat" and get an invite link. Please visit SummerQuest.YorkLibraries.org for registration link. Registration closes one day prior to each event, so be sure to RSVP quickly!
